

WISCONSIN WILDCARDS

WISCONSIN STATE FORESTS

NORTHERN UNIT OF KETTLE MORaine STATE FOREST

Managed to provide: places to have fun, resource protection, wildlife habitat and products we need—like paper and wood.

ORIGIN: In 1936, land was purchased to provide flood control for the Milwaukee River, create a large recreation area and protect glacial landforms.

FOREST CHARACTERISTICS: Find relic Ice Age communities, such as bogs, and unique mixtures of northern and southern hardwood forests.

ACTIVITIES: Explore by bike, foot or horseback 133 miles of trails. Enjoy camping, fishing, swimming and nature programs.

UNIQUE FEATURE: Because of its unique glacial landscape, this State Forest is in the Ice Age National Scientific Reserve.
